Legislation Liaison
Diane Wade

Club Meetings are held the first Thursday of each month at Manhattan Community Center 18300 - 4th Ave. S. Burien, WA

The President's Report, by Amanda Hackbarth

Hope everyone got through our "snowmageddon" just fine. What a surprise to have so much snow! I was happy to have some snow for our puppy, Maverick. I was getting worried he might not experience his first snow at all this winter. You have to be careful what you wish for. After a few days, both Maverick and Jax were done with it.

I'm happy to announce that club member Diane Waid has volunteered to take over the chair as the club's Legislation Liaison. Diane will keep us informed with upcoming bills being discussed at the State Capital when they come up. She will have reports in our online newsletter too. THANKS, Diane for taking on the position!!!

Donna Gonzales is ready to take all of your much needed trophy donations for the fast approaching Specialty on May 10th, 11th and 12th. Yes, you are seeing it's three days this year. We really need your help with donations. As usual classes start at \$10 each for conformation, obedience and rally. The board came up with a simpler idea for trophy donations in the catalog. We'll have different levels like Rin Tin Tin for \$100 donations, Braveheart for \$50, Rumor for \$30 and The Littlest Hobo for \$10 donation. As always, you can have your donation in memory of a loved one, (pets included), your kennel or business name, your name, or anonymous if you like. Donna is asking if any of you have some medium sized baskets you no longer need that could be donated to the club? Donna would like to make gift baskets for prizes. Let Donna know if you can help knlsunrise@aol.com. We could use some baskets for the raffle too.

I had an idea I brought up at the board meeting. This is something all of you can participate in. I need some ideas for education programs. I'm running out of ideas, since we've done just about everything and some twice. Even if you can't attend meetings I need your help. If you submit an idea about an education program that we book and present, you'll earn 10 points towards your club points. I'm currently trying to get an organization to come talk about over vaccinations in dogs. I've asked someone that does truffle hunting but she lives out of the area. Your idea person has to come talk to the club for free.

CLUB PINS AVAILABLE

Club pins are only \$5 each (pictured at right).

Buy a couple so you don't have to be changing them from one jacket to another.

Pins are available from Amanda or Dalene.

Driving Directions to Manhattan Community Hall Meetings

From I-5 driving north: Take the Orilla exit, turn left at end of exit, follow S 188th on across Highway 99 and through tunnel under the runway; stay on this road, which becomes Des Moines Memorial Drive, until you come to the light at 8th Avenue S, turn left, then right on South 186th, right on 4th Avenue S., and right on South 183rd (which is really a gravel driveway at this point), drive to the end to Manhattan Community Hall.

(You are basically making a big circle after you turn onto S. 186th as the hall is at the end of a dead end road.)

From I-5 driving south: Take the Orilla exit, turn right, follow from S. 188th above.

FROM THE EDITOR

Well, I know at least 8 people received their February issue of the NSN. I am assuming the rest did as well, since the email was not returned to me. To the 8 who replied, thank you for the compliments.

It certainly is easier for me to do the newsletter this way. I can have almost all of it ready to go and just add in the minutes from the board meeting and any other information from the board meeting that is timely and needs to get to members before the following month's meeting.

I have been asked to do the ads for our show catalogues at our specialties. If you are interested, a full page black and white ad is only \$10, in color the cost is \$15. What a bargain! I need to have your information by May 3. What we've done in the past is print the ads off as an insert in the catalogues. This saves advertisers a fair amount of money. If we have the superintendent do the ads, the cost is \$45 for black and white and \$65 for color which is quite a bit higher.

What a pleasant surprise to answer the phone one day and hear Alice Likens' voice. She sounded so cheerful. Wanted to let me know she does have email so the club doesn't need to mail the NSN to her and to also give me her correct phone number, which is 253-737-5853. She doesn't go out much any more with her wheelchair, but if you want to call her, she said that was okay — she just doesn't like to be on the phone too long at a time. She doesn't have a dog any more, but she does have a cat she's very fond of. It was so good to hear from her and talk to her again.

If any of your roster information has changed (address, phone, email, etc.), please let me know so we can send you an updated membership roster next month.

DUES ARE NOW PAST DUE. If you haven't paid by now you can keep your membership current by paying an extra \$10 for every month you're late. Since we didn't have a meeting in February because of the snow, you can still pay in March with only \$10 extra, in April it will be \$20 extra, in May it will be \$30 extra. After that, we'll just assume you're not interested in being a member any longer.

If you feel the urge to write an article for the NSN, don't put it off. We've all had a learning, humorous, or fun experience with our dogs. Others will enjoy reading about it, maybe make them smile because they have had a similar experience. Just email it or snail mail it to me. Share with us!

Brochures and business cards are welcomed. The person would have to talk for an hour. Please send me your ideas!

Laura, minadog10@hotmail.com, will have a sign up sheet for Specialty jobs at the March meeting. I'll have a food sign up sheet too. We will be doing our cold salads on Saturday. If you don't want to bring a food item, a monetary donation is welcomed too. That donation can be used to purchase cold cuts to make sandwiches. We're still trying to figure out lunches for Sunday.

Start getting your raffle items together. Since we are hosting the futurity we should have a lot more entries in conformation. We want some really great items for the raffle. If you have any questions about the raffle contact Lorrie lorrienerney@comcast.net. Of course monetary donations are welcomed too. We want to do a man cave basket this year. We want to include our male exhibitors too.

Kerry has a sign-up sheet for the Seattle education booth that's coming up on March 9th and 10th. In order to earn club points you have to work a four-hour shift. You can work two hours and give your dog a break, then work two additional hours. Contact Kerry to sign up or to purchase a 90th anniversary t-shirt. If you've earned a club polo shirt please wear it if you're going to work the booth. Show off our club spirit! Contact Kerry at vonsudlich@aol.com.

Our March 7th meeting will be our rescheduled Awards Night with baked potato bar for dinner. Here's the list so far....Donna/chicken wings, Cindy/broccoli and cheese sauce, Lorrie/sour cream, shredded cheese, bacon bits, Kerry/dessert. Of course please bring anything you would like to bring. Maybe something green for St. Patties Day!

Amanda

President GSDCWS

TEMPERAMENT TEST

Our Club's GSDCA Temperament Test is in July again this year, at Carco Park as always. Let friends with dogs know about the test as people who show up with other breeds as well not only enjoy putting their dog through the test, but also enjoy watching the other dogs go through. Many dogs who have different reactions will still pass the test. Some even volunteer to help out.

Some times a dog will jump back when the umbrella is opened in front of him, but if he will still approach the open umbrella after that initial reaction the dog would pass. If a dog was aggressive toward the neutral or friendly strangers, that would be a fail. However, if the dog is aggressive toward the "weird" stranger, that would be a pass.

The purpose of this temperament test is not to seek out dogs for Schutzhund or attack work. It is to demonstrate how a normal dog that you take to the park, a friend's house, etc. should act.

When Jim Norris started the test for the GSDCA, he would tell people, going through the test is like taking your dog for a walk in the park. There you would meet strangers who might ask for directions, meet an old friend, there might be a back-fire, someone may open up an umbrella close to you and your dog, there might be different footing you have to walk on, and you might run into a bad guy (weird); in fact, that's even more possible now than it was back when the test was started in 1967.

Very few other national breed clubs conduct their own temperament test, and many have given their breed dogs points toward another title if they can pass our test. Of course, for German Shepherds passing the test, this information is sent on to the CHIC people to go toward that title. All dogs passing the test receive a certificate from the GSDCA certifying they have done so. And then there are those who just want to see if their dog will pass and who treasure the certificate.

Coming Events

March Club Meeting - March 7
Election of Judges for the 2020 shows.

March 13 - Premium list for specialty will be mailed.

March 9-10 — Seattle Kennel Club Shows...Club members man our breed booth both days.

April Club Meeting - April 4 — TBA

April 10 - Any ads for show catalog are due.

April 14 - Club's Obedience C and Conformation B Match - Carco Park

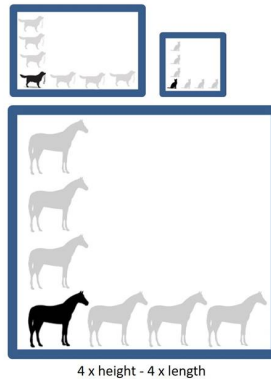

April 24 - Entries close for Specialties

Specialty Shows - May 11, 12, and 13.
Three shows this year, including the Northwest Futurity at Carco Park, Renton, WA. Chairs: Laura Cronin and Donna Gonzalez

Temperament Test - July 14, Carco Park, Renton, WA Contact Kerry Southern for more details.

Items are awarded to club members working at club events and for each meeting attended. The point totals will be periodically published in the NSN. Lorrie Nerney is the keeper of the points.

Tidbits by Dalene

The A830 bill introduced to the New York Assembly has ridiculous requirements for housing your animals during the time between 7:00 PM and 6:00 AM. That's nighttime, right? A time most animals would be sleeping. By the bill's requirements, a 22" dog would have to be confined in a 7' high crate. In my house that would go clear to the ceiling! I am always amazed these bills can even get introduced...don't most of the people

in legislatures own dogs? Dogs do so much for people now days, it is inconceivable they would pass something like this — one more step in eliminating pets altogether! Oh, yes, and the animal has to have an escape route in case of an emergency!

I know we all send our deepest sympathy to Barbara Donahey whose sister Jeanne was killed in an auto accident (driver was DUI) in Riverside, California, during Christmas vacation. The DUI driver hit them going 70 MPH when they they were stopped at a red light...Barbara was in the second row and her sister Jeanne was in the third row. Will people NEVER learn to NOT drive when they are impaired by drink, drugs, or medical problems?

The Olympic K.C. is holding a B Match for conformation and C Match for Obedience and CGC test at the Enumclaw Expo Center on March 3. Contact Jennifer Gorveatt at jennifer.gorveatt@gmail.com if you have more questions. Registration is at 8:30 AM, begins at 10:00 AM. Cost for conformation classes is \$10 per dog, in Obedience \$8 per dog. I would have included the whole flyer, but the print was too bleary and difficult to read.

Boy, if you want a walk back in time, check out my web site (dalenemcintire.homestead.com) and look at all the pictures under "Photos", "Braggs", and "Recent Grads" to see people we haven't seen for quite a while, or younger pictures of those we do see, going back to 2004.

Egads...now they have people "leasing" puppies. The couple ontv ended up with a bill over \$7,000 with finance charges. Man,

(Continued on next page)

there really is one born every minute. Who would pay that kind of money from basically an adoption setup or a puppy mill? I always tell puppy buyers not to assume everyone selling puppies is honest. Money is money and there are those who could care less about taking advantage of people who don't know any better. And it seems there are plenty of those out there, or people like this wouldn't stay in business. The loser in these kinds of stories is the poor puppy.

In the February issue of *Better Homes & Garden* they have an article about heart disease in people between 20 & 30, then in your 40's, then in your 50's and 60's. I turned the page looking for someone my age; guess what? It didn't go any further! Does that mean above 60, tough luck?

Poor Wrangler is disgusted with all the snow we've had...he doesn't like to go out and play in it...only goes out about twice a day to go potty and comes right back in.

You know, one other nice thing about sending the newsletter out by email (other than me not having to print it off): If there is something of interest in it you'd like to share with a friend, you can just forward it to them with a note explaining why you sent it.

The ballots for the GSDCA voting are in the mail, mine arrived February 19. If you don't vote, you can't complain about the results. The vote is about approval of electronic balloting and treasurer update. If it is approved, electronic balloting will begin with this year's annual ballot. If you don't have email, a ballot will be mailed to you. Ballots are due back by April 5, but don't wait that long. Read it when you receive it, mark your ballot and send it back right then before you forget.

Many thanks again to Diane Wade for her report on current legislation regarding animals (dogs in particular). Sometimes you wonder about the people in Olympia when you read what they can come up with. Seems they can ignore the real problems of our lives and pick on the "little people", That's why I made the title for that on page (9) in a wonky font — it matches their thinking.

My apologies to Barbara McCarthy for my mistake in mailing her the NSN last month. I must have been in a hurry or was interrupted when addressing it...I had the address, just forgot to write down the name of the town....it only took the post office 18 days to return it to me...have we gone back to the Pony Express? Nah, they could have delivered it much faster.

As you all know, the February meeting was cancelled because of the snowy weather we had for a couple weeks. There is supposed to be more on the way, but not as much as we just had. That was a landmark snowfall for this area, they said it was the most snow we've ever had in February. I would have thought it was the most snow we've EVER had at one time. We weren't the only ones as WSOTC also cancelled their February meeting, which was also their Awards night. Our awards will be given at our March 7 meeting this year. If you have an award coming, be sure to make this meeting.

I was snowed in for a week, and luckily I had gone grocery shopping the day BEFORE everyone and his uncle hit the stores for supplies. I went to lunch with my daughter on Friday and then over to Jo-Ann Fabrics. It started to snow while I was in the store, but wasn't really sticking yet. Talk about a mass exodus — my drive home, which would normally take me 20-25 minutes, took me 2 hours. I finally took my car out the following Friday since the roads were clear (but mine wasn't). My problem came when I arrived back home — I couldn't get up the slight incline to the garage. Had to back up and shovel a pathway for the tires.

My ad for Aggie is on page 11. Joanne shipped her to me when she was 8 weeks old. When the airline guy brought her out she was making so much noise, it was hard to believe anything small enough to be in that crate could be so loud. When I went to put her in the back of the car, Bronson heard all that noise and jumped into the back seat to get away from her. Once she was home, she never repeated that performance again. I think it was safe to say she did not like flying. 

...and the rat's tail fell off...

AMERICAN KENNEL CLUB GOVERNMENT RELATIONS DEPARTMENT

HB 1640 will prohibit retail pet stores from selling any dog or cat unless the dog or cat has been obtained from an animal care and control agency or animal rescue group and the dog or cat has been spayed or neutered, or will be spayed or neutered before the buyer takes possession of the animal. Even if you do not personally provide dogs to pet stores, this bill could have significant implications for all who want to promote the breeding and sale of healthy, purebred dogs.

Washington residents and those who have or plan to purchase a pet in Washington are strongly encouraged to contact the committee and express your concerns with House Bill 1640. Scroll down for contact information.

Talking Points Against HB 1640:

- Fewer than 4 percent of pets purchased in the US come from pet shops. These laws limit choice and will do little to address any issues associated with substandard breeders.
- This bill will ban the sale of pets from known, regulated and inspected sources, and restrict pet shops to only sell pets from unregulated and uninspected sources (i.e., shelters, rescues, and other similar organizations).
- This bill will dramatically reduce the average person's access and ability to choose a pet with the predictable type, mandated care, and substantiated health background that come with purebred pets from regulated sources. Individuals who lack the resources or do not have access to private hobby breeders will be the most directly impacted.
- This bill will harm responsible pet breeders and retailers who are regulated under federal and/or state laws, while encouraging the sale of pets that come from unlicensed

and unregulated sources that are not subject to federal animal welfare or Washington consumer protection laws.

- This bill does not require shelters or rescues to supply pet shops with dogs to sell. A lack of supply will prove economically disastrous for these businesses and the people who are employed by them.

For additional talking points, read [AKC's position statement on Pet Choice](#), and the article [Why Pet Shop Laws Affect You](#)

(Editor's Note: Typical of people who live in the East, they often do not make it clear which Washington they mean. I am assuming they mean Washington, DC...but usually what goes around comes around so some nimwit in this state may try to have this adopted here eventually.)

(Submitted by Barb Donahey)

**GSDCWS Board Meeting Minutes
1/24/19**

Present: Amanda, Laura, Donna, Laurie

Absent: Kerry, Cindy

7:07 PM Call to Order

President:

Amanda brought up that Eugene asked to be forgiven the \$10 late fee as he was sick in January. The board discussed and it was mentioned that everyone else that was late, many who were also sick, paid their \$10, so it feels unfair to not require the same fee.

Leslie sent out the proposed Washington State legislation that banned breeds can be admitted to the cities in question if they get a CGC, but it is dead in the water.

First VP:

All events have been approved now by AKC.

The online Park Reservation process has begun, and Renton Parks confirmed Friday is good to go for us. Friday start time after 11, as there is a soccer camp.

Baray deadlines:

Premium Information due:	February 13, 2019
Premium Mailed:	March 13, 2019
Catalog Club Ad/Info Due:	April 10, 2019
Show Closes:	April 24, 2019
Show Date:	May 11-12, 2019

Reminder that all judge nominations need to be in by February meeting. Members can hand their written nominations to First VP. We will vote in March.

It was discussed to change the trophy list format to a four level format, where people could still list their "in memory of" or business name, and can have one line for every ten dollars. Also use clever dog names for the levels like Rin Tin Tin, Braveheart, etc. And also to not include trophy donations sponsor in the premium.

2nd VP:

The coffee cup/coffee basket with our logo will be for our Winners and High in Trials. Estimate a number of 58. We will be giving doggie shampoo for first place. Donna will take care of all things trophy.

Ribbons, cost is very high. Wondering if we can cut back somehow. Shorter ribbons? Reuse old ribbons?

Secretary: absent

Treasurer: Reported the checking and savings accounts balance.

Bills Coming up: Insurance

Income Expected: Donations for Specialty & Futurity Show, Calendar Sales, Membership dues, 90th GSD T Shirts

Items processed: Department of Revenue Taxes, Check for 6 months' rent on Hall

Renewed member list is at all time low. Question was raised about business card ads on the newsletter. It was decided to let it go one month for free and then ask for ad money

Education:

Feb is awards night, w/ bake potato bar. We need more toppings and sides.

Need more ideas for education. Some ideas are: alternative vaccines, sports injury, truffle dog, some sporting topic

Obedience:

Sanction match for April 14th. For conformation we asked Sammie to judge, waiting for an answer. Back up is Tammy Wilcox.

Newsletter: It will be sent out after the board meeting each month.

Website:

Temperament Test and Herding test pages need to be updated. Amanda sent in a few more pictures to be part of the rotating pictures that are very cute.

Ways and Means: Absent, but word is Theresa's jacket is in.

Herding: confirmed with Ewetopia for August 10th. They will be sending contract

Membership: no report, but Alicia did ask for pictures of the points prizes

Old Business: Questions about Seattle Booth, but need Kerry for discussion

Close meeting 8:52 PM

Submitted by Laura Jean Cronin

CANINE LEGISLATION REPORT

by Diane Wade

I think everyone would be surprised at how many bills are in the works down in Olympia this year, concerning dogs, cats and all other live animals! I know I have been surprised! This month I will outline house bill # 1919. This bill is wanting to add and amend parts of the already active laws relating to prevention and responding to animal abuse. In my opinion, this bill will go through without much resistance, I mean who is going to argue about adding more teeth to the current laws concerning the abuse and fighting of animals!

The majority of the amendments pertain to adding to current sections, mostly pertaining to the abuse of animals that are used for fighting, and adding parts to include all paraphernalia that is used for animal fighting and/or for the training of fighting animals.

It is already illegal to knowingly, own, possess, buy, sell, transfer, train or offer for sale any animal with the intent for fighting another animal. It is also already illegal to promote, organize, conduct or participate in, or basically have any involvement in, animal fighting. Amendments are being proposed to also make it illegal to own, possess, buy, sell, transfer, or manufacture animal fighting paraphernalia for the purpose of engaging in, promoting, or facilitating animal fighting or for baiting a live animal for the purpose of animal fighting. This will include any equipment, products, implements, or materials of any kind that are used, intended for use, or designed for use in the training, preparation, conditioning or furtherance of animal fighting. This would be a class C felony.

Being added to the current law is the desire to make it a class B felony to anyone who intentionally mutilates an animal in furtherance of an animal fighting offense.

Most of us are also very aware that it is already illegal for anyone to knowingly, recklessly or with criminal negligence inflict unnecessary suffering or

pain upon an animal. Added to this is an amendment, which will also make it illegal to take control, custody, or possession of an animal that was knowingly involved in animal fighting. And knowingly, recklessly or with criminal negligence abandons the animal, and as a result of this abandonment the animal suffers bodily harm, or the abandonment of the animal creates an imminent and substantial risk that the animal will suffer substantial bodily harm. These actions would be charged with first degree animal cruelty.

Last this bill would add a totally new section. This new section (Sec.4) would require :

(A) The Wa. State patrol to establish and maintain a state wide toll free voice mail line to allow members of the public to anonymously report incidents of animal abuse.

(B) The Wa. State patrol must create a central repository for local law enforcement agencies to report incidents of animal abuse, neglect, fighting or animal sexual abuse. The W.S.P. shall compile and report the incidents to the federal bureau of investigations for inclusion in the national incident-based reporting system.

I personally, and from what I picked up from the hearing, see this bill as passing through the process with little to no conflict, so if you're one of those folks fighting animals, be warned, Wa. State will not tolerate this type of animal cruelty and abuse, and anything that supports these activities!

At the end of the legislative session I will do a summary report on what makes it through, and the status of all the proposed bills relating to dogs that I can find. New laws shall be taking affect, some will get stuck in the process and not make it through, and some will just plan die in need of better and more defined wording! It is a long session this year with a lot going on, so stay tuned for updates as they progress!

In Loving Memory of Aggie

(Joelle's Agatha of Claiburne, OFA Hips and Elbows, CGC, BN, CD, HCT,
and a member of the Thirteen Club)

2004 - 2019

Aggie had a long, healthy life, living 3 months past her 14th birthday. She was a loving dog, and anyone who was close enough would receive a kiss (or 2) from her lightning-fast tongue.

She was shown in conformation by David Lewis, winning 5 single-point shows,
several Reserves and winning her Futurity and Maturity classes.

On the other side of the coin, she earned her CGC, BN, CD and HCT.

My grateful thanks to my friend Jonette Ryan who painted the picture below of Aggie

Now she is with me forever.

Sire: Sel Ch Joelle's Alvin v Norberge, CD
Dam: Joelle's Beatrice v Diamond

The dozen roses were
sent for Aggie by
[chewy.com](https://www.chewy.com)

My eternal thanks to
Joanne Corbin Richards
who gifted Aggie to me
when she was 8 weeks old.

German Shepherd Dog Club of America, Inc. Application for Membership or Renewal

There are two types of membership. **Regular Members:** Minimum age of 18 years. Must be in good standing with AKC. Applicant (and renewing members) agrees to abide by the GSDCA by-laws and the Rules and Regulations of the American Kennel Club. Two endorsements by current members must be provided by new applicants. Applicant's name will be published in the *German Shepherd Dog Review*. Provided no objections have been filed within 30 days of publication in the *Review*, applicant will be notified that he/she is eligible for all privileges including the right to vote. **Junior Members:** Must be 10 years of age and not more than 18 years of age and shall subscribe to the same criteria as Regular Membership with the exception of the requirement to pay dues. Junior members cannot vote, hold office, or serve on committees other than junior committees.

To apply and pay **ONLINE** with a credit card, please go to gsdca.org/join-the-gsdca/apply-online.
You can **MAIL** this form to: **Laura Gilbert, Chair - 557 Dunning Lane, Chesapeake, VA. 23322**

Circle Your Desired Membership Type:
