CLUB PINS AVAILABLE

Club pins are only \$5 each (pictured right). Pins are available from Alicia or Dalene.

Membership Meetings are held on the 1st Thursday of the month, 7:00 PM, unless it's a holiday. Check Page 3 in the NSN to be sure.

Driving Directions to Manhattan Community Hall Meetings:

From I-5 driving north: Take the Orilla exit, turn left at end of exit, follow S 188th on across Highway 99 and through tunnel under the runway; stay on this road, which becomes Des Moines Memorial Drive, until you come to the light at 8th Avenue S, turn left, then right on South 186th, right on 4th Avenue S., and right on South 183rd (which is really a dead-end gravel driveway at this point), drive to the end to Manhattan Community Hall.

From I-5 driving south: Take the Orilla exit, turn right, follow from S. 188th above. If lost, call the hall at 206-403-9900

Saw this in an email, thought you might want to write down next year's date for reference. It doesn't say so, but I assume it will be in the Tacoma Dome as originally planned.

**Tacoma Kennel Club updated:
 Tacoma Kennel Club Dog Show**

Saturday, April 24, 2021 at 6:00 AM – Sunday, April 25, 2021 at 5:00 PM at Tacoma Kennel Club

On page 7 of the April GSDCA Review, Mary Tripp (in Texas) gave our newsletter a nice plug. This year they are going to run something on each of the newsletter winners, encouraging readers to check out our newsletter on the GSDCA Web Site. You can see it in its entirety on the web site, click on "Regional clubs" then on "Newsletter Challenge". You can click on our newsletter and then every time you click after that it turns the page, just like you were reading it at home. If you click on the little thingy in the middle it will be full-page size. Clever, John!

Actually, we have only been in the "Large" division for the last 2 years. Before that we were in the "Intermediate" division. The winners are listed back all the way to 2009. That year and in 2010, Jim and Gail Wells were the editors. It's nice, though, that they are acknowledging the contest winners.

I was reading it to Renate and at the top it was titled, "Top Winner Of The Large Division". "Large" Renate said in a slightly loud voice. She said she could remember when our meetings filled the meeting hall. Yes, indeed, it is a sad state of affairs, but all the other clubs in the country are in the same boat, so we can't take it personally... can we?

Anyway, thanks to Mary Tripp for acknowledging us and highlighting the NSN.

The NSN is a little smaller this month since we have all been locked down with no meetings or shows, since the middle of March so there wasn't much to write about! Diane submitted another clip on the legislation regarding traveling with dogs and what is and isn't allowed on the planes. Thanks again, Diane.

HAPPY MOTHER'S DAY

**Next Club Meeting
Stay Tuned, maybe June 4**

.....

The status of the June meeting is up in the air right now. The board will let you know whether or not we'll be able to hold that one on June 4. We may be going month-by-month because of the uncertainty of the COVID 19.

.....

Be sure to read the minutes on page 9 of the Emergency Board meeting held on April 7 for the latest information on the cancellation of our specialty shows in May this year. Most other clubs are doing the same, including the GSDCA with the Futurity Shows.

.....

We've had to cancel our 3 specialty shows and our April match so far, keep your fingers crossed we'll be able to hold the temperament test in July, the herding test in August, the auction at the October meeting, and the Christmas party at the December meeting.

.....

You'll be receiving notices from Alicia on all these, plus you can always check out the club's web site (GSDCofWA.org) or Facebook page ([GSDCofWA](https://www.facebook.com/GSDCofWA), Facebook).

.....

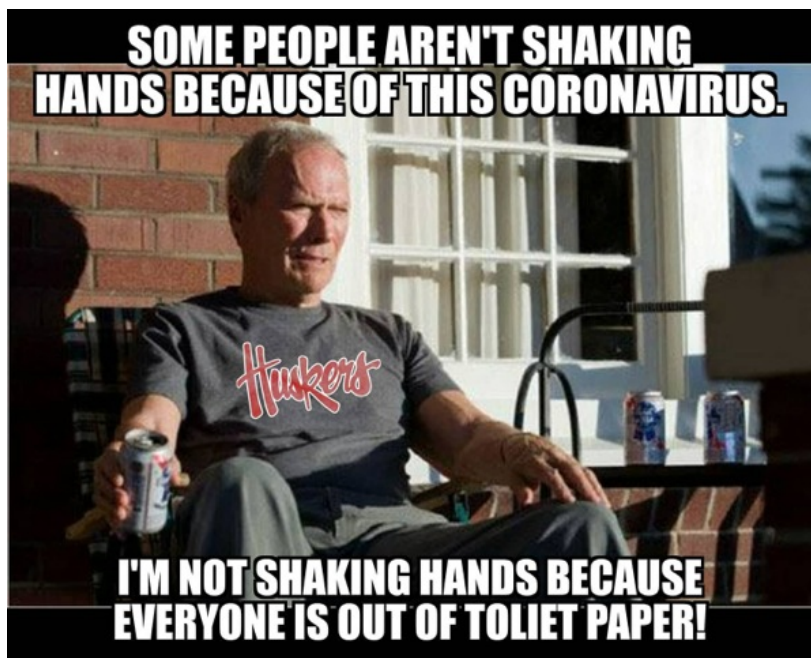

Unless otherwise noted, all meetings begin at 7:00 PM.

Tidbits by Dalene

I was laughing so hard, I forgot to write down who sent this to me. It reminded me of the first time I went shopping after the virus hit and saw all the toilet paper, paper towels, and chlorine gone from the shelves. (That's Clint Eastwood in case you're too young to remember him.)

Last month I mentioned the neighborhood email in this area had many people writing in offering to run errands or buy groceries for some of the older ones. That was the first place I saw a six-year-old sitting in his front yard while cars and firetrucks drove by with "Happy Birthday" signs on their cars, blowing horns and whistles. There have been quite a few of those since then, plus caravans of teachers driving through their students' area. The firemen and policemen often join these. I wonder if people will do any of that after everyone can get back to their "normal" life (if it will **ever** be normal again)?

I can't believe how many junk mails I receive. On March 4 I started putting them in my junk file, and I swear that just increases the number I receive. I get many duplicates as well, just one right after the other. So I counted them and from March 4 to March 28 I had 564 junk/crap messages (and that doesn't count the ones I forget to put in the junk folder). That is approximately 24 each day...there ought to be a law against that, or a way I can answer them and blow up their computer!

That is approximately 24 each day!!! How can you stop these

weirdos? I've been sending them to my JUNK folder for over a month, and they are still coming in — sometimes two or three in a row that are the same. What a bunch of creeps they are....and according to them, the male population in this country is having a hard (no pun intended) time with their love life!! I guess we can look forward to a decline in the number of babies born, thus lowering our population. These creeps must have a handbook of scams to use no matter what is going on in the country. As soon as something happens, the scams are immediately in your in box!

How about some of you sending in stories about funny/weird things you've experienced during the country's lockdown. It will be interesting to hear about them. You can either send them to me by email, give me a call, or mail them, the post office is still working.

I know Garth Brooks and his wife Trisha held an impromptu session at their home recording studio...singing songs fans called in and requested. Since then there has been quite a few stars doing something similar.

Now that some of the newspeople on tv are working from home, at first they could hardly take their eyes off their teleprompter. After a couple weeks now, they are getting the hang of it. I never noticed them obviously looking at a teleprompter when they were all in the tv studios before the virus. It is quite noticeable with some of the politicians as well.

Here is some more accidental/unconscious training -- only this time it is the cat and dog using it on me. Shadow my cat didn't "meow" until he was at least 2 years old (he has never purred). But one day he stood by the garage door and meowed and I went over to open it for him. That little lesson has stuck in his head...now whenever he wants something he meows and he knows I will get whatever it is he wants (if I can figure out what it is). Before the virus hit, I was going out at least 3 days a week and both dog and cat learned they always had a treat when I left. Now that I only go out to shop for groceries and occasionally to the bank, the cat will look me up between 2:00 and 3:00 and meow at me. At first I didn't know what he wanted and then it dawned on me he wanted his mid-day treat. Right now he has no demands on me so he is conked out on my bed. But in one or two hours, I bet he'll be up and looking for me again.

One of Wrangler's reverse training tricks is to bark at the front window. When he started doing that, I always went to the window to see what he was barking at, to see if anyone was outside (one day there WAS a coyote trotting down the driveway). Now whenever he is bored, he'll bark at the window. If I'm at my computer in the bedroom and get up to go look, his head is always turned around to watch and see if I am coming like he's trained me to do! The majority of the time there is no one outside, he's just checking to see if I still remember to come and look when he "calls".

(Continued on Next Page)

Since we've all been in lockdown, there haven't been any club activities to report on. Consequently, on pages 7 and 8 I put together a collage of pictures of club members/activities from as far back as 2009.

How many do you recognize? Granted some of them may not be large enough to tell. There are even some whose names I can't remember. Maybe when we are able to hold meetings again, we can have a contest to see who can identify the most people

Barb Donahey sent me this nice picture of Sasha and Quinn in their back yard. Looks as if Quinn may be a little possessive with the tennis balls.

DID YOU KNOW? Did you know that when you **Advertise in The Review** you also get a free ad on the GSDCA website? The web ad runs for the month you are advertising. If you have a web site, then they include the link to your site. You don't need to do anything extra for that to happen — they do all the work.

In the April Review, Erika and Luna were listed as earning their RA and RE titles.

On the next page Erika and Luna scored a 100 in Rally Novice B with 2 others, a 98 in Rally Intermediate on Thursday; on Friday they scored 99 in Rally Novice B, 99 in Rally Intermediate; and on Saturday they earned their Herding Instinct Test with goats.

Laura and Sherrill started off Thursday with a score of 92 in rally Novice B with Baltic; on Friday they had 99 in Rally Novice B and passed their Herding Instinct Test in goats and also passed with Desiderato. I hope I found them all, after all that my eyes were crossed looking up their classes.

I finally found some small puzzles at Fred Meyer the other day (6 to a box). So far I've put 3 of them together....when I've finished all 6, I think I'll donate them to my neighbor's kids, then they can donate to some of their friends. I hope they do their job of keeping dementia at bay. (The puzzles, not the kids!)

Opening a can of goodies for the dogs one night, my can opener just fell apart. No worries, I thought, I'll just get out my old fashioned one. Ha! I had to stand there for about 5 minutes before I could figure out how to use a manual one after all these years.

In honor of the NOVID 19, page 15 is donated to it's own brand of humor sent to me by my neighbor. Are you in any of the pictures?

Wrangler wanted to join the fun!

...and the rat's tail fell off...

OBEDIENCE TRAINING AT YOUR CONVENIENCE

Have a young or old dog to train in obedience? Can't find a class that's convenient for you, whether it's location or time of day? These three DVDs are your answer.

Dogs can begin formal training at 12 weeks of age and any time thereafter — a dog is never too old to learn.

These three DVDs contain all the novice obedience exercises based on the Koehler Method of Obedience who trained for Walt Disney for over 20 years:

Even though AKC has added 2 new Novice classes, the basics taught on these DVDs will still make it possible for you to compete in all three.

- Novice Obedience Class,
- Preferred Novice Class,
- or Beginner Novice Class.

This Novice training will also teach your dog the basics for any other training you are interested in pursuing later on.

OR

Whether you wish to show or not, these same exercises will give you a well-trained dog to be your lifetime friend and companion.

You can buy the DVDs for \$75 and train by yourself (at your convenience), or call and set

Training Without Treats!

up one or more private lessons if you wish (first one is free), — either to get you started or to check on your progress after working with the DVDs for a few weeks — at \$30 each.

Using the DVDs, you can train when it's convenient for you, no worry about missing a class and getting behind. You can watch a segment over several times until you're sure you understand it before working with your dog. You can also call me if you have any questions (no charge).

Once your dog knows the exercises, you can take him/her out to work in public to learn to work around distractions instead of learning to ignore distractions AND trying to learn his lessons at the same time.

The Koehler Method gives you reliability without bribing your dog with food. I have used Koehler's training and taught it for over 50 years with great success; my students have had great success as well, many going on to compete well in other venues.

PRICE - \$75 for complete DVD set (*plus \$5 postage*)

Cancelled Events & Application Fees

For all cancelled events in 2020, AKC will apply the event application fees to the club’s next event of the same type, provided the club informs the AKC that the event has been cancelled. When applying for the next event, please provide the event number of the cancelled event on the new application form.

Late Event Application Fees

Clubs that wish to apply for an event, but may be past the deadline to apply, will have the late event application fee waived through the end of October 2020. This applies to all AKC sports.

Tracking Certifications

Any tracking certification that expires March 1, 2020 through December 31, 2020 will be granted an

CANINE LEGISLATION REPORT

(Thanks again, Diane, for keeping us up to date on legislation pertaining to animals. This is the newest report from AKC about service animals and Transportation.)

[AKC Comments on U.S. Department of Transportation Proposal to Redefine “Service Animal”](#)

Posted: 06 Apr 2020 01:35 PM PDT

Today, the American Kennel Club (AKC) submitted comments to the United States Department of Transportation (DOT) regarding its proposed regulation updates that would redefine “service animal” for the purpose of air travel.

The Air Carrier Access Act (ACAA) is a federal law that prohibits discrimination on the basis of disability in air travel and requires air carriers to accommodate the needs of passengers with disabilities. Under current ACAA rules, a “service animal” is any animal that is individually trained or able to provide assistance to a person with a disability, including emotional support animals. In addition to dogs, animals such as miniature horses, pigs, and monkeys have been considered “service animals” for the purposes of air travel.

The AKC has long shared concerns that passengers wishing to travel by air with their pets may be falsely claiming that their pets are service animals—especially emotional support animals—so they can take their pet into aircraft cabins or to avoid paying fees for their pets. Unfortunately, this has resulted in numerous reports of untrained or poorly-trained service animals being brought into airports and onboard aircraft, thereby putting the safety of the aircraft, crew, and other passengers at risk. These situations have undermined the use of all service dogs, especially onboard aircraft.

Moreover, the definition of “service animal” under the ACAA has differed from the definition of “service animal” used by the Department of Justice under the Americans with Disabilities Act (ADA). This has led to confusion as to what type of animal may be acceptable as a “service animal” in certain situations.

[In January, DOT responded to the concerns of AKC and many other organizations by proposing changes to the rules it uses to enforce the ACAA.](#) Chief among them, DOT proposed that the definition of “service animal” be changed to, “a dog that is individually trained to do work or perform tasks for the benefits of a qualified individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability.” This proposal would align the ACAA and ADA definitions of service animals, and would include psychiatric service animals. Dogs not specifically task trained, including those considered emotional support animals under the existing definition, would not be considered a service animal. Those animals may continue to be accommodated by air carriers as pets.

In keeping with AKC’s policy on the [Misuse of Service Dogs](#), the AKC expressed support for the proposed definition of “service animal”, and reiterated strong support for public accommodation that allows individuals with disabilities to use service dogs without regard to the dog’s size, phenotype, or breed. Likewise, it condemned actions that fraudulently misrepresent a dog as a service animal when it is not, or attempt to benefit from a dog’s service dog status when the individual using the dog is not a person with a disability.

[Click here](#) to read AKC’s comments to DOT.

Upon consideration of all comments it receives, DOT will provide notice of the final version of the rule adopted. This process may take months to complete. AKC Government Relations (AKC GR) will continue to provide updates on this rule proposal as developments warrant. For more information, contact AKC GR at doglaw@akc.org.

Actions to Help the Sport

To: President, Secretary and Delegate for all Clubs Licensed for Conformation

In order to provide the sport greater exhibity during this time of uncertainty, the AKC Board approved staff recommendations to modify the following standard procedures/policies. These modifications will be in effect for 2020, unless specific dates are noted.

1. Event Application Fees - For events cancelled in 2020, Event Application fees will be applied to the club's next event of the same type provided the club has notified the AKC of the cancellation.

2. Modification to Limited Events Policy-Clubs previously not eligible may hold a third show in connection with their show/cluster if they meet the following provisions:

Must hold all of their shows within 50 miles of the club's territory, and

No other shows are held within 500 miles of the show site on the day of the show or any day of the cluster.

Please contact the Club Development Department (clubdevelopment@akc.org) to seek assistance if you feel your club may qualify. This is a permanent change of policy (not limited to 2020 only).

3. Distance Restrictions for Conformation

Extend the distance conformation clubs may hold a show outside their territory from 125 miles to 200 miles. This applies to all types of conformation clubs - Specialty clubs, Group clubs and All-breed clubs.

Extend the distance specialty clubs may join another specialty club of the same breed outside their territory from 200 miles to 300 miles.

There is no change to the conflict policy - 200 miles between shows.

4. Breed Specialties - Increase the number of specialties a local specialty club may hold from two

specialties or two days of specialties per year to two independent or concurrent specialties or two

days of independent or concurrent specialties, plus up to four designated specialties. 5. Assignment Conflicts for Conformation Judges

Waive the policy restricting judges from being assigned the same breed, Group or Best in Show at events held within 30 days and 200 miles. This applies to conflicting weekends and does not apply to events on the same weekend, circuit or cluster.

Waive the same day exhibiting restriction for judges assigned only NOHS Groups and/or NOHS BIS. This will provide clubs greater exhibity and options in panel assignments. Judge assigned NOHS group or NOHS BIS show only may exhibit the same day, but MAY NOT compete in NOHS the same day they judge.

6. Junior Qualifications

Allow Juniors that turned 18 on or after March 1 to compete until Oct 31. This will encompass the qualifying period for both the AKC National Championship (ANC) and Westminster.

2020 ANC Junior criteria revised to 3 wins in Open with Competition (usually 5 wins).

7. Clubs - Information regarding the [Government Stimulus Package](#) has been posted on the Club Development Facebook page and the Government Relations website.

8. Event Applications - Waive all fines for the late submittal of event applications and judges panels through the end of October. This provides clubs more time to reschedule and plan their events.

9. Conformation Judges Education - Free online breed education webinars presented by Parent Club Judges Education Coordinators/Presenters provide additional educational resources which may be submitted on future application for the breed.

10. Conformation Judges Education - All Canine

(Continued on next page, left side)

This picture was sent to me by my high school friend Jonette (the one who paints on rocks). She was in line here at the Senior hour at Costco at 8:17 and is at the back of the building...she said it went all around the building. Someone else who showed up at 9:00 said he only had to wait for 5 minutes.

Speaking of her painted rocks (she's the one that did the beautiful portrait of Aggie last year), here is an example of some of her "fun" ones.

College breed courses are being offered at half price thru May 31.

11. Clubs - Waive the Public Education requirements. Clubs are encouraged to do their best to increase their social media presence and educate their local communities.

Those clubs exploring alternatives for rescheduling their events are encouraged to seek the assistance of the Club Development Department (clubdevelopment@akc.org) or the Event Operations staff (EventPlans@akc.org).

Please stay safe and healthy
